# Reflections

We pause for a second to reflect on the scene we are leaving. There are memories of friends, places and things . . . laughter . . . work and play . . . victory and defeat . . . loyalty. All this made up a part of our lives. The record is written and we are proud.

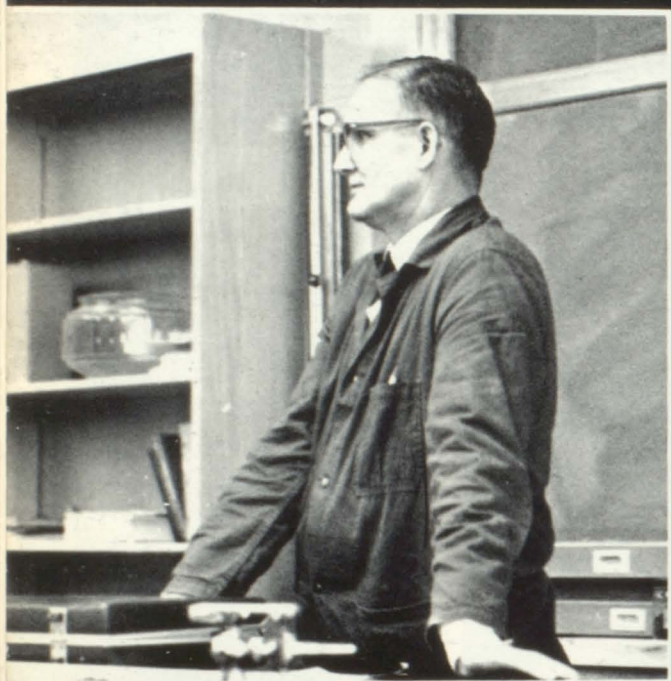

We will hold forever this moment in our hearts.

## The Spirit

of  
P.B.H.S.

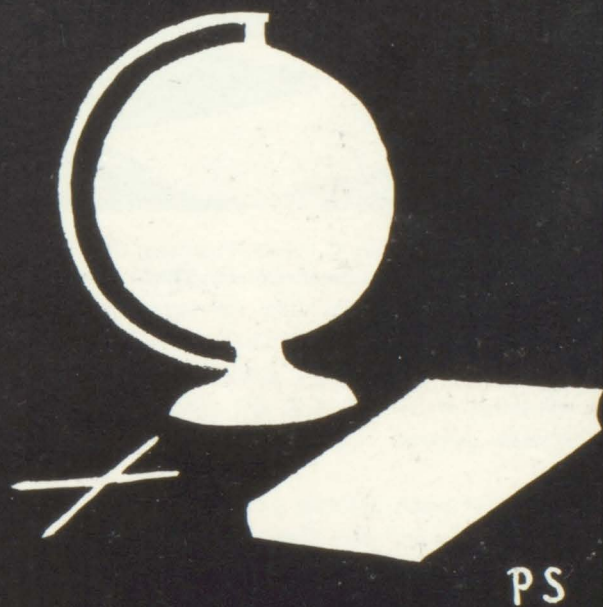

An abstract graphic design featuring a solid black background. On the left side, several thin, white, parallel lines originate from the top edge and extend diagonally downwards towards the bottom right. The lines are closely spaced and create a sense of depth and movement. In the upper right quadrant, the word "Curri" is printed in a white, serif font, appearing to be part of a larger title or heading.

## Poplar Bluff Board of Education

There is increasing evidence that education is a far more powerful instrument than most people have been willing to admit. The Federal Government has recognized this fact and is trying to implement additional educational programs designed to raise the cultural as well as economic development of the American citizen.

It is with this fact in mind that the Senior High School of Poplar Bluff, Missouri must continue to put forth its most concentrated efforts to meet the educational needs of the young people of our community.

*Fred*  
*M. Morrow*  
Superintendent of Schools

May I suggest that you enjoy the most wonderful years of your life while you have the opportunity to do so. Your adaption into adulthood during these years is most trying. There must be sweat and tears, work and play, joy and sorrow in order for you to mature into moral, stable, honest, sincere young people.

May I advise you to have some real good friends—most of these friends will be made up from your peers. However, it is well if you have some adult friends to guide and counsel with you.

How much you have meant to me as your friend you probably will never really know.

I wish for you the best that you can give life and life can give to you.

Most sincerely,

*E. T. Peters*

Assistant Superintendent

In your short lifetime to-date you have already seen man accomplish the "once considered impossible" feat of leaving the earth to travel in space. Also, you are aware that man has developed the necessary, destructive power to destroy the very earth upon which we live.

What the future will bring is uncertain, however, it is certain that you will share the responsibility of helping to determine the future. May you strive to develop a philosophy of life with the "Golden Rule" as a cornerstone.

The present opportunities for leading a good life are better than they have ever been. Use your initiative and God given talents to help improve your community, state, nation and the world in which we live.

Your high school experiences are necessary building stones in your foundation of life. May you take full advantage of the opportunities offered so you will do your part in a life of service toward mankind.

*A. H. Keller*

Principal

The community of Poplar Bluff has proven its sincerity in providing the best available staff and educational facilities for the youth.

Educational facilities and staffs are not enough. A third ingredient is necessary to insure the objectives of a total school; and that component is a dedicated student body.

I challenge the student of this school to do his best in utilizing the opportunities provided not only in 1966 but all years to come.

*Wm. H. McKeel*

An abstract graphic design featuring a solid black background. On the left side, there are several thin, white, parallel lines that originate from the top left corner and extend diagonally towards the bottom right. These lines are of varying lengths and angles, creating a sense of movement and depth. The lines appear to be part of a larger, unseen structure, possibly a stylized letter or a geometric form. The overall composition is minimalist and modern.

We pause . . .  
 To turn and take  
 A backward glance at  
 Our year past.

We behold . . .  
 A profusion of memories.  
 The record has been written  
 And we are proud.  
 We are glad that our  
 Fortunes let us walk  
 This way.

This year has been a year of preparation for the years to come . . . We have learned the meaning of loyalty . . . the value of friendships . . . the glory of victory . . . the sadness of defeat.

It has been a year of newness . . . of growth . . . a beginning for Freshmen . . . and an ending for Seniors.

May you carry with you always the Reflections of these moments.

The school spirit of P.B.H.S. would suffer a severe loss indeed without the enthusiasm and vivacity exhibited by our cheerleaders. The job these girls do does not cease with the final buzzer at the end of a game. A continuous schedule of pep assemblies, bonfires, pep club meetings, and incessant practice sessions must be met.

With their fierce loyalty and constant determination our cheerleaders lead us, the students of P.B.H.S., in cheering the Mules on to victory and in defeat.

A colorful highlight of the P.B.H.S. marching "Sho-Me" band are the flashy, highstepping majorettes. Also, adding pep and spirit to pep assemblies and home games, they represent our school in the finest way. Their talented performances are a great contribution to the band and entire student body.

Fun, excitement, refreshments, and the annual crowning of F.F.A. Sweetheart and F.H.A. Beau were the highlights of this year's Barnwarming dance. Members of the local chapters of F.F.A. and F.H.A. gathered and enjoyed an evening of square dancing and gaiety. To the students who attended, this annual event will hold many fond and delightful memories.

An abstract geometric design featuring several white lines on a black background. A vertical line runs down the left side. Two diagonal lines intersect this vertical line near the top left, and continue downwards towards the bottom right. Another diagonal line starts from the top left and extends towards the bottom right, parallel to the other diagonal lines. The lines create a sense of depth and perspective.

This, our senior year, is one of the most important in shaping our future. It has been a time for fun and good times, but also a time for study and careful thought toward the future. We must never forget what P.B.H.S. has contributed to us: Education, friendship, experience, and a sense of responsibility. Although we graduate this year, our thought will still remain in P.B.H.S. with a heartfelt of wonderful memories. P.B.H.S., we thank you.

Our 1st High School Homecoming!

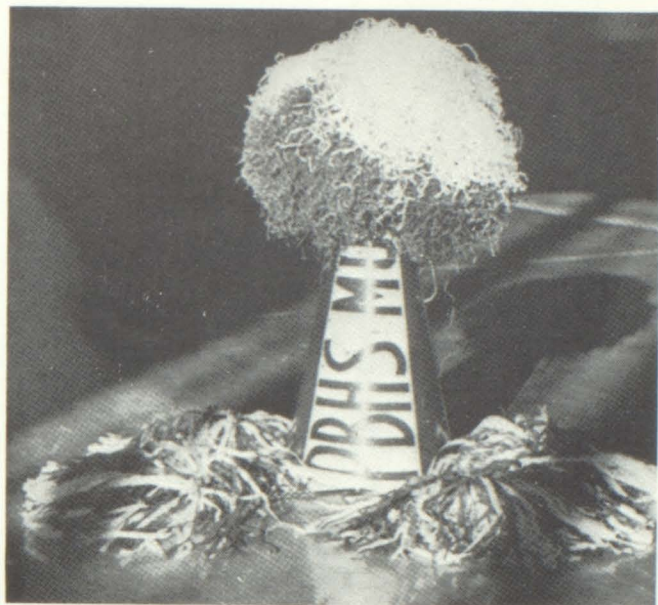

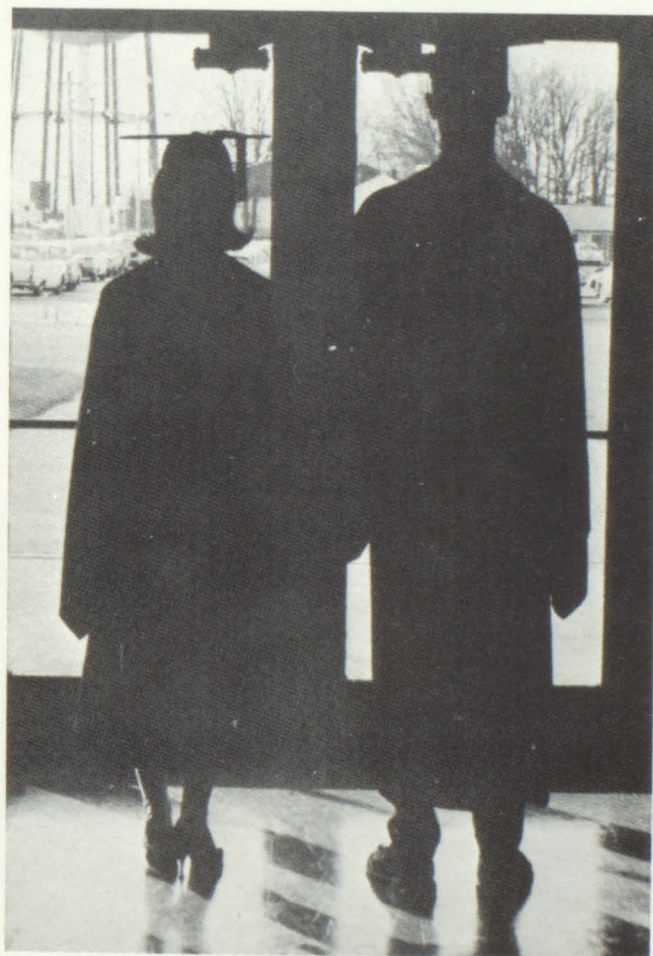

For some a beginning . . . .

For Seniors an ending . . .

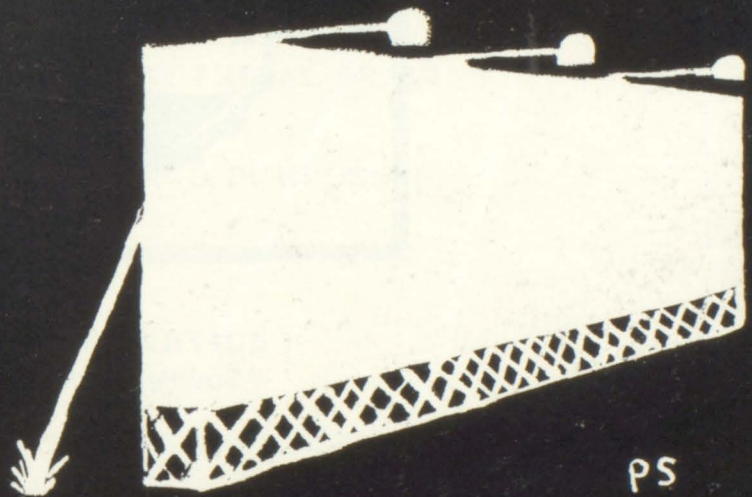

The image features a solid black background. On the left side, there are several thin, white, straight lines that intersect and extend diagonally across the frame. One line is nearly vertical, while others branch off from it at various angles, creating a dynamic, geometric composition. The word "Advert" is printed in a white, serif font in the upper right quadrant.
